OUR MISSION STATEMENT:

To promote scholastic and athletic achievement among our high school youth while also drawing attention and support for the Shriners Hospitals for Children.

STEPS TO ACHIEVE THAT GOAL:

To sponsor an all-star football game for boys and volleyball competition for girls, with players selected by coaches in the North and South Carolina private high school ranks.

To promote those games year-round through publicity, advertising and via the broadcast media, print media and our Web site.

To foster an esprit de corps among the players, coaches and fans from the schools, and at the same time to showcase and educate them on the 22 Shriners Hospitals for Children.

To teach the youth and the public how to have both a spirited and uplifting event while simultaneously helping increase public awareness and financial support of the Shriners Hospitals.

And, finally, to provide an interaction between our fraternity and the public that inspires good will and fellowship and gives all a renewed 'spirit of philanthropy'.
